Instructions to ensure safety bars and or wire decks fit your existing beams if ordered separately.

Beam and wire Deck Specifications:

*Beam or cross bar specs must match below to guarantee fit.
If not, please call customer service.*

Example shown is for 42" Deep Frames. The out-to-out measurement will vary depending on the depth of your existing frames.

Please confirm the following dimensions match before placing order:

- A. Out to Out: 42"
- B. In to In: 38.5"
- C. Width of top of Beam: 1 5/8"
- D. Depth of Step: 1 5/8"
- E. Width Across Bottom: 2 1/2"
